

Vivek Chaturvedi, MD

Dr. Chaturvedi is a board-certified ophthalmologist specializing in the medical and surgical treatment of retinal and macular diseases. He joined Illinois Retina Associates in July 2013. Prior to his appointment, he practiced with Retina Associates, S.C., in Annapolis, MD.

Education

Dr. Chaturvedi is a native of Fargo, North Dakota. He graduated from Washington University in St. Louis, where he studied philosophy and biology, earning summa cum laude honors. From the beginning, he was interested in the sense of sight, writing his philosophy thesis about peripheral vision and consciousness.

He earned his medical degree with distinction from the University of Oklahoma College of Medicine. After completing an ophthalmology residency at the prestigious Tufts-

New England Eye Center in Boston, he completed his vitreo-retinal fellowship at Rush University Medical Center in Chicago and Illinois Retina Associates. He is certified by the American Board of Ophthalmology.

Research

Dr. Chaturvedi continues to dedicate himself to clinical research. In addition to presenting at meetings on the subjects of retinal detachment and retinal imaging, he also serves as an investigator for macular degeneration trials.

Author and lecturer

Dr. Chaturvedi has published scientific papers in leading academic specialty journals and has presented to his peers at national meetings on macular and retinal disorders.

Memberships

He holds memberships in several professional societies and organizations, including the American Society of

Retina Specialists, and has earned numerous awards throughout his medical training.

Dr. Chaturvedi is on staff at several area hospitals and sees patients at Illinois Retina's Harvey and Flossmoor office locations.

Personal

When he's not seeing patients, Dr. Chaturvedi enjoys cooking, and writing poetry and prose. His creative works have been published on several websites and in print publications.

During college and medical school, Dr. Chaturvedi was an avid Ultimate Frisbee player and he served as captain of the Washington University in St. Louis Club Team. He and his wife, pediatric nephrologist Mahima Keswani, MD, reside in Chicago.

“Retina is a field where innovation is always taking place. I enjoy learning new things, and the opportunity to work with a broad range of patients from the young to the elderly. I treat many patients with retinal disorders who are working-age. They’re still trying to go about their lives. I enjoy the challenge of caring for them and helping them return to their daily activities.”

OUR COMMITMENT

At the heart of Illinois Retina is a team of highly respected, dedicated retinal specialists. But each doctor is also a human being who looks at you as more than just a number and a file. Each doctor has a story to tell. But one fact is certain: Our doctors are here because of their proven competence and commitment to our patients.
